

Threatened Species of the Riverina Education Program

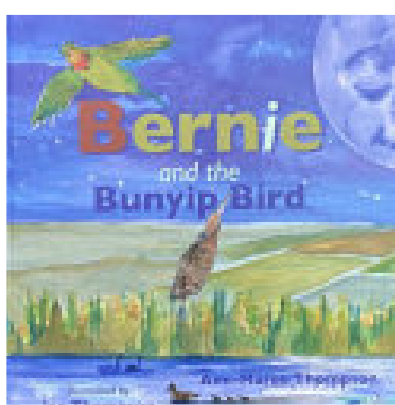

Name: Malleefowl The Incubator Bird

Author: Pauline Reilly

Illustrator: Will Rolland

Description: This book tells the life story of the Malleefowl chick hatching, growing to an adult, finding food, escaping predators, mating, and making a nest.

Name: Bernie and the Bunyip Bird.

Author: Ann-Maree Thompson

Illustrator: Jan Thompson

Description: This book tells the story of a superb parrot who embarks upon a path of discovery. A booming call has all the creatures running scared. Is it the bunyip? If you are curious, come inside to find out?

Name: On the Trail of the Plains-wanderer - A Precious Australian Bird

Author: Rohan Cleave

Illustrator: Julian Teh

Description: This book tells an elegant true story of one of Australia's and locally most critically endangered bird species. This unique, quirky and precious bird faces many threats, but continues to survive against all odds.
