

# Are you (or would you like to be) a Young Enviro Champion?

Join us for this fun afternoon for kids (aged 8 to 12) who are passionate about the environment and sustainability.

-  Hear from two young local legends who are already making a big impact on the sustainability of our community!
-  Take part in a hands-on activity to learn about a topic of your choice: permaculture, waste, biodiversity, energy use or nature
-  Learn how you can be supported to make a difference in your home, school or community

**SAT 23RD NOVEMBER | 1.00- 3.30PM | FREE!**
