

MURRUMBIDGEE
Landcare
INCORPORATED

2022 MEMBERSHIP

Murrumbidgee Landcare is the umbrella organisation for 28 Landcare and other community groups, and hundreds of volunteers across a land area of 84,000 km².

We are a whole-of-catchment organisation, providing an overarching structure that allows local Landcare, farming and other community groups to get on with the work you want to do - repairing, rebuilding and renewing the natural systems and communities in our catchment.

Membership of MLI is open to local groups, including Landcare, farming, conservation and other community organisations. We also offer membership to individuals.

Benefits of MLI membership include:

- Support from our Local Landcare Coordinators, who work with groups to help develop projects and activities, secure funding and provide tools for improved governance
- Whole-of-catchment coordination through our Regional Landcare Coordinator, who provides regional level vision, and assists with strategic guidance, partnerships and communications
- Promotional opportunities for your group's activities, through MLI's social media (Facebook, twitter and Instagram), monthly newsletter, website and extensive networks
- Input to state and national policies, through MLI's representative role with Landcare NSW

Our Mission:

**Through Landcare, promote
and implement sustainable
natural resource management
in the Murrumbidgee
catchment in order to protect
and rehabilitate our natural
environment.**
